# Alarm Manager Buttons

The Alarm Manager has four buttons across the top of the page that allow the operator to create and edit the alarms, save alarms, and restore alarms.

| Button | Description |
|---|---|
| Enable Editing | Allows the operator to create and edit alarms. |
| Save Alarms | Saves the current set of alarms to a configuration file. |
| Restore Alarms | Allows the operator to restore a saved set of alarms from a configuration file. |
| Advanced View | Gives the operator access to all editable alarm fields. |
